

SPECIALIST FOR AUTOMATION SOLUTIONS

SPIE AUTOMATION has around 350 employees at 10 locations in Germany. We are a holistic project partner, from the initial idea through development to implementation and maintenance. We support our customers with service and products in the fields of automation, robotics, digitalization, manufacturing, assembly and relocation as well as process engineering and maintenance and repair.

Automation

- Electrical and Mechanical Design
- PLC Programming and Process Visualization
- Process Control Systems
- Robot Programming
- Machinery and Plant Safety
- Measurement and Testing Technology
- Technical Documentation

Robotics

- Lightweight and Transport Robots
- Industrial Robots
- Customized Robotics Solutions such as E.FLEX
- System Integration and Data Analysis

Digitalization Solutions

- Customized Software Solutions
- AI Solutions
- Research & Development
- E-Learning
- Radar Technology
- SaaS Solutions such as E.RAMP

Manufacturing

- Control Cabinet Construction (According to UL508A)
- Test Stands

Assembly and relocation

- Electrical and Mechanical Assembly
- Decommissioning and Disposal
- Equipment Setting
- Machinery Relocation
- Safety Supervision

Process engineering

- Piping Design
- Safety Studies
- Process Design
- Decarbonisation and Energy Efficiency

Maintenance and servicing

- Spare Parts Shop for Industrial Electronics
- Drone Inspections
- Plant Maintenance and Retrofit
- 3D Laser Scanning and LiDAR Scanning

SPIE AUTOMATION is part of the operational division Industry Service & Wind of SPIE Germany Switzerland Austria. Together, our specialists form a powerful, global team for high-quality industrial services in the wind, water, energy, industrial and process industry segments. We create holistic solutions from planning and realization to installation, operation and maintenance to relocation and decommissioning. We support our customers managing the challenges of digital transformation and ecological change in their industry.

SPIE Germany Switzerland Austria is the leading independent multi-technology service provider for buildings, plants and infrastructures. With our broad technical expertise and as a reliable partner, we accompany our customers into a successful future.
