

SPECIALIST FOR PROJECT MANAGEMENT, DELIVERY, ASSEMBLY AND COMMISSIONING OF INDUSTRIAL PIPES

We are present throughout Europe at the sites of our customers in the shipping, chemical, process and energy sectors. Our portfolio of services ranges from plant and pipeline construction, prefabrication services, skid and module manufacturing to equipment assembly, insulation, corrosion protection, EMSR and structural steel erection. For us, compliance with and implementation of the highest quality and safety standards is a top priority in our corporate philosophy.

LNG- and Methanol Piping

- Engineering Support
- Project Management
- Material procurement
- Warehousing
- Jacket Piping
- Single Piping
- Prefabrication
- Installation
- Non-Destructive Testing
- Corrosion Protection
- Insulation
- Documentation
- Commissioning Support

Project Management/Plant Management

- Documentation management
- Project planning
- Monitoring of production
- Progress Schedule tracking
- Quality management

Pipe Prefabrication and Installation

- Manufacturing of pipe spools
- CAD-controlled technical processing and isometric creation
- Documentation and acceptance according to project specifications
- Daily monitoring of construction progress and real-time monitoring of each individual work step via QR

Module and Skid Manufacturing

- Complete solution for modules and skids with gaseous and liquid media up to 500 bar internal pressure
- Professional assembly under clean room conditions and with high cleanliness requirements
- Oil and grease-free in accordance with oxygen applications

Equipment Installation

- Transport, logistics, coordination and installation
- Assembly, alignment and completion

SPIE INDUSTRIEMONTAGEN is part of the operational division Industry Service & Wind of SPIE Germany Switzerland Austria. Together, our specialists form a powerful, global team for high-quality industrial services in the wind, water, energy, industrial and process industry segments. We create holistic solutions from planning and realization to installation, operation and maintenance to relocation and decommissioning. We support our customers managing the challenges of digital transformation and ecological change in their industry.

SPIE Germany Switzerland Austria is the leading independent multi-technology service provider for buildings, plants and infrastructures. With our broad technical expertise and as a reliable partner, we accompany our customers into a successful future.
